# Basic Logistics

Start each day ~9am, breakfast served starting 8am

Lunch also provided on-site at noon

End ~5pm, dinner at 6:30pm on Thursday and 6pm on Friday

We should probably do a group photo at some point

# Schedule

Surprise, there isn't one.

I'll just ask who wants to go next, if nobody volunteers I will pick someone randomly!

We have 18 people so let's try to get 9 people done each day.

That means approximately 45 minutes per person. Some can take more time, some can take less, and that's fine.

If we finish early we can elaborate on any unresolved topic.
